MASTERPIECE OF PROGRESS.

LOKHEN

WE THINK.

EN — These words contain values, emotions, feelings, symbols and sensations. Words are precious to us because they are the guide of our path. With them we daily confront ourselves to find new goals to achieve and challenges to overcome.
To these words we have entrusted the delicate task of narrating our ever-evolving reality, made up of people, values and passion. Our roots are in the recent past, but always looking towards the future. Lokhen strongly believes, as a company and as a group of people, that the key to a company’s success lies in its ability to intercept the customers’ wishes and satisfy them with innovative, top-quality products.

IT — In queste parole sono racchiusi valori, emozioni, sentimenti, simboli e sensazioni.
Le parole per noi sono preziose perché rappresentano la guida del nostro cammino; con esse ci confrontiamo quotidianamente alla ricerca di nuovi traguardi da raggiungere e sfide da vincere.
A queste parole abbiamo affidato il compito delicato di raccontare la nostra realtà sempre in evoluzione, fatta di persone, valori e passione. Le nostre radici affondano nel passato recente, ma guardano sempre al futuro. La Lokhen è fortemente convinta, come Azienda e come insieme di persone, che la chiave del successo di un’impresa risieda nella sua capacità di intercettare i desideri dei clienti e soddisfarli con prodotti innovativi e di assoluta qualità.

DE — In diesen Worten sind Werte, Eindrücke, Gedanken, Symbole und Empfindungen enthalten. Worte sind wertvoll für uns, denn sie sind die Richtlinien für unseren Lebensweg; mit ihnen konfrontieren wir uns täglich auf der Suche nach neuen zu erreichenden Zielen und zu meisternden Herausforderungen.
Diesen Worten haben wir die ernste Aufgabe anvertraut, unsere sich s tändig weiterentwickelnde Realität zu beschreiben, die aus Menschen, Werten und Hingabe besteht.
Unsere Wurzeln liegen in der jüngsten Vergangenheit, aber stets mit dem Blick in die Zukunft.
Lokhen ist der festtrtigen Produkten zufrieden zu stellen.

FR — Ces mots contiennent des valeurs, des émotions, des sentiments, des symboles et des sensations. Ces mots nous sont précieux, guident notre chemin, chaque jour à la recherche de nouveaux objectifs à atteindre et de défis à relever.
Ces mots décrivent notre monde en constante évolution avec ses personnes, ses valeurs et ses passions. En tant que jeune entreprise, Lokhen regarde toujours vers l'avenir. La société et l’équipe Lokhen sont fermement convaincoes que la clé du succès d'une entreprise réside dans sa capacité à identifier les besoins des clients et à les satisfaire avec des produits innovants et de qualité.

ES — Estas palabras encarnan valores, emociones, sentimientos, símbolos y sensaciones.
Para nosotros las palabras son preciosas porque representan la guía de nuestro camino. Por medio de las palabras nos enfrentamos día a día a la búsqueda de nuevas metas y nuevos desafíos.
A estas palabras dejamos la delicada tarea de contar nuestra realidad en continua evolución y hecha de personas, valores y pasión. Nuestras raíces están en el pasado reciente, pero miran hacia el futuro.
Como empresa y como grupo de personas, Lokhen está firmemente convencida de que la clave para el éxito de una empresa es su capacidad de acceder a los deseos de los clientes y satisfacerlos con productos innovadores y de excelente calidad.

EN — SOME MAKE, WE CREATE.

Our dreams are the dreams of our customers.
To conceive, create, design for our customers means having an expansive vision, it means offering the market added value, solutions and not just products. At Lokhen we develop our best qualities to offer the best of our know-how, our experience, our passion.

Quality expresses itself in the attention to details in the design phase, in the refined design, in the use of automated plant with robotics, in the application of the most sophisticated and advanced technologies.
For us challenges represent a great opportunity for growth.

IT — SOME MAKE, WE CREATE.

I nostri sogni sono i sogni dei nostri clienti.
Ideare, creare, progettare in funzione dei nostri clienti, significa avere una visione espansiva, significa offrire sul mercato valore aggiunto, soluzioni e non solo prodotti.
In Lokhen sviluppiamo le nostre qualità migliori per offrire il meglio del nostro know-how, della nostra esperienza, della nostra passione.
La qualità si esprime nella cura di ogni dettaglio nella fase progettuale, nel design ricercato, nell'impiego di impianti automatizzati con robotica, nell'applicazione delle tecnologie più sofisticate e avanzate.
Le sfide sono per noi opportunità di crescita.

DE — SOME MAKE, WE CREATE.

Unsere Wünsche sind die Wünsche unserer Kunden.

Wir entwickeln, gestalten, entwerfen im Hinblick auf unsere Kunden, das bedeutet eine weitreichende Vision zu haben, das bedeutet dem Markt einen Mehrwert zu bieten, Lösungen und nicht nur Produkte. Im Hause Lokhen entwickeln wir unsere besten Eigenschaften, um das Beste aus unserem Know-How, unserer Erfahrung und unserem Eifer zu bieten. Die Qualität zeigt sich im jeden Detail der Projektphase, des raffinierten Design, im Einsatz von automatisierten Robotik-Anlagen, in der Verwendung von anspruchvollsten und fortschrittlichsten Technologien.
Herausforderungen stellen für uns große Wachstumsmöglichkeiten dar.

FR — SOME MAKE, WE CREATE.

Nos rêves sont les rêves de nos clients.

Concevoir, créer, développer en fonction de nos clients. C'est avoir une vision large, c'est offrir au marché une valeur ajoutée, des solutions et pas seulement des produits.
Chez Lokhen nous développons nos meilleures qualités; nous mettons notre savoir-faire, notre expérience, notre passion à votre service. La qualité se manifeste: dans l'attention portée au moindre détail lors de la phase de conception, dans le design sophistiqué, dans l'utilisation de systèmes robotisés et automatisés, dans l'application de technologies très sophistiquées et avancées.
Les défis sont pour nous une bonne opportunité de croissance.

ES — SOME MAKE, WE CREATE.

Nuestros sueños son los sueños de nuestros clientes.

Crear y planificar, concebir el trabajo en función a los clientes significa tener una visión expansiva y ofrecer en el mercado valor añadido, soluciones y no solamente productos.
En Lokhen desarrollamos nuestras mejores calidades para ofrecer lo mejor de nuestro know-how, de nuestra experiencia y de nuestra pasión.
La calidad se expresa en el cuidado de cada detalle en la fase de proyecto, en el diseño sofisticado, en el recurso a instalaciones robóticas automatizadas, en la aplicación de las más avanzadas y sofisticadas tecnologías. Para nosotros los desafíos son oportunidades de crecimiento.

CONNECTION, INNOVATION & TECNOLOGY.

EN — LOKHEN'S HEART IS TIRELESS, IT BEATS TECHNOLOGY.

To innovate is Lokhen's endless present, it is prerogative, it is certainty. Because for us innovation is a path to excellence.
Lokhen is one step ahead, it anticipates market trends and produces what the customer wants. We create as a function of time. The use of advanced robotics with artificial intelligence allows Lokhen to achieve higher productivity, reducing errors, wastes and machine downtime. The finished product then meets the logistical excellence of the automated warehouse, the final step in a production chain studied in every detail and developed according to efficiency and functionality criteria. The connection between people, things and systems creates enormous added value for the industry of the future.

IT — LOKHEN'S HEART IS TIRELESS, IT BEATS TECHNOLOGY.

Innovare è l'infinito presente di Lokhen.
È prerogativa, è certezza, perché l'innovazione, per noi, è un percorso verso l'eccellenza.
Lokhen è un passo avanti, anticipa i trend del mercato e produce ciò che il cliente desidera.
Creiamo in funzione del tempo di domani.
Il ricorso a robotica avanzata che prevede l'impiego di macchinari dotati di intelligenza artificiale consente alla Lokhen di avere maggiore produttività riducendo errori, scarti e fermi macchina. Il prodotto finito, incontra poi l'eccellenza logistica del magazzino automatizzato, ultimo passaggio di una catena produttiva studiata in ogni minimo dettaglio e concepita secondo criteri di efficienza e funzionalità. La connessione tra persone, cose e sistemi, crea un enorme valore aggiunto per l'industria del futuro.
